Impact of Disinformation on Society

When: 22nd September 2022
Time: 2PM – 6PM
Location: TBD, Prague 1, City Center

The EU is aiming to balance the regulation of disinformation with their respect for freedom of speech in initiatives such as the European Democracy Action Plan, the Guidance to Strengthen the Code of Practice on Disinformation, and the European Declaration on Digital Rights and Principles. This session will analyze the role of tech companies and different states' strategies in fighting disinformation and strengthening democracy. It will also take a look behind the scenes of disinformation: at its trends, motives behind its spread, and the battle between democratic values and disinformation.
